

# Pull Handle Replacement

A decorative graphic consisting of three curved, overlapping lines. The top line is orange, the middle line is green, and the bottom line is blue. The lines curve from left to right, with the blue line forming the largest, most prominent shape at the bottom of the page.

# Setup - Tools

Phillips Screwdriver

# Removal and Installation

- Loosen the upper joints. Unscrew the four screws indicated by the red circles and remove the pull bar.
- Install the new pull handle. Insert and tighten the four screws.
